MEMORANDUM FOR: Deputy Assistant Director for Special Activities

SUBJECT : Frederick Peterson Jessup Briefing

1. Attached is a copy of the agenda prepared for the Jessup briefing. Everything seemed to move effectively and it was clear Jessup was somewhat overwhelmed by the complexity of the OSA coordination function.

2. We have agreed that he should receive supplemental briefings as follows:

a. OSA Security Staff regarding the operational and governmental Security Systems.

b. Attendance at an NPIC briefing.

c. Observation of Field Activities preparing a missions Black book.

d. A COMOR conference.

e. Short visits to Rochester, Edwards Air Force Base, and perhaps [redacted]

3. The latter point, [redacted] paragraph 2c, was my suggestion and not called out specifically, but would be in contemplation of potential White House discussion associated with servicing of the OXCART vehicle. Jessup will get in touch with me to finalize arrangements for this supplemental data once his White House schedule settles down. It should also be noted that Jessup had an opportunity to meet Colonel Ledford.
